WellBeing Outlet

Designed to assist organisations with Good Mental Health

It gives employees an outlet that is simple and intuitive, where they can choose to "vent" anonymously or actively request assistance. Whilst the business can pro-actively monitor via conditional logic, see trends, and much more.

The solution provides a simple, quick and convenient outlet to get in touch confidentially.

The 'Insight' portal gives instant graphical results & captures trends, and alerts the organisation to potential issues.

This is a web-based solution, so no download, or log-in for users and as it is hosted by WellBeing.Direct there's nothing to install or integrate with.

A Simple & Effective Approach

The solution is quick & easy, providing a statistical view of overall mental health, with immediate results, at any time. It offers a channel for voicing concerns. Giving the business more intelligent data and sight of requests where help is needed.

Any Device... Any Time

It's accessible on any web enabled device.

Which means no app, no download, no log-in for users, and no software, hardware or integration for the organisation.

Hugely Flexible & Versatile

The outlet provides an additional avenue to assist Good Mental Health & Well-Being:

For the business:

- ✓ Demonstrate you are taking mental health seriously.
- ✓ Demonstrate investment in staff / students
- ✓ Reduce absence
- ✓ Increase retention
- ✓ See trends
- ✓ Build stronger relationships

For staff:

- ✓ Make it easier to voice concerns
 - ✓ Make it easier to ask for help
 - ✓ Provide avenues for assistance
- And much more...

Functionally Rich

WellBeing.Direct has a multitude of features to help, here are just a few:

- ✓ Simplicity - Easy, Intuitive & Quick to use
- ✓ Approach - Engaging and unobtrusive
- ✓ Technology - Available on any platform
