

# Medical Supply & Distribution

A hand holding a magnifying glass is the central focus, with the lens positioned over a network of white medical icons. The icons are arranged in a circular pattern around the hand, connected by thin white lines. The icons include a first aid kit, a test tube, a syringe, a clipboard, a pill bottle, a nurse's cap, a heart rate monitor, a water drop, a syringe, a person with a stethoscope, a flask, and a first aid kit. The background is a blurred image of a person in a white lab coat, with a blue and white color scheme.

Surgical Gowns

# Surgical Gowns

## Product Code: MERPPE1004

### Description

Disposable surgical gowns are critical items of protective clothing. Our surgical gowns are suitable for operation rooms, medical clinics, hospital wards, inspection rooms, laboratories, ICU and CDC site for important isolation of virus damage.

In the healthcare profession, disposable surgical gowns play a crucial role in asepsis. They do this by reducing the transfer of bacteria from the skin of the medical staff to the air and protect staff in operation rooms. It will also protect medical staff from blood, urine, saline or other chemicals and bodily fluids during surgical procedures.

### Raw Material:

**Weight:** 35g/M<sup>2</sup> or 45g/M<sup>2</sup> SMMS Non-woven Fabrics.

**SMMS Performance:** Fluid proof, Anti-static, Anti-alcohol and Anti-blood (AS&AR).

### Comfortable, Lightweight & Breathable

They are breathable allowing the wearer to be insulated and not overheat.
