Submitted to Time for Change: Reducing Unwanted Fire Alarm Signals  
Submitted on 2021-10-04 13:46:24

### About you

1 To help us analyse all feedback, please tell us if you are responding as a:

community group

If you are responding on behalf of an organisation, or as a retained employer, please state the name of the organisation here.:  
Scottish Care

If you are responding as an individual please provide the first part of your postcode e.g G77, EH1::

### Survey questions

2 Please choose your rating scale for these statements:

Please choose your rating scale for these statements: - The number of UFAS we attend in Scotland is a problem that needs to be addressed now.:  
Strongly disagree

Please choose your rating scale for these statements: - To reduce the impact of UFAS, we should stop sending fire appliances to AFAs unless it is for a confirmed fire or to premises on the exemption list.:  
Strongly disagree

Please choose your rating scale for these statements: - The exemptions proposed for OPTION A and OPTION C provide a proportionate response to AFA calls based on risk.:  
Disagree

Please choose your rating scale for these statements: - Did you feel the consultation document provided you with enough information to enable you to give an informed response?:  
Strongly disagree

3 Please rank each OPTION from most preferred (1) to least preferred (3)

Please rank each OPTION from most preferred (1) to least preferred (3) - A - Call challenge all AFAs. No response is mobilised if questioning confirms no fire or no signs of fire. Sleeping risk premises are exempt and will receive a PDA based on premises type and time of day.:  
1

Please rank each OPTION from most preferred (1) to least preferred (3) - B - Call challenge all AFAs. No response is mobilised if questioning confirms no fire or no signs of fire. No exemptions to call challenging apply.:  
3

Please rank each OPTION from most preferred (1) to least preferred (3) - C - Non-attendance to all AFA's, unless back-up 999 call confirming fire or signs of fire is received. Sleeping risk premises are exempt and will receive a PDA based on premises type and time of day.:  
2

4 Would you like to suggest any other options to put forward for consideration?

Would you like to suggest any other options to put forward for consideration?:

None

5 What else could we have provided or done to ensure it was easy for you to respond to the consultation?

What else could we have provided or done to ensure it was easy for you to respond to the consultation?:

Nothing

6 Do you have any further comments?

Do you have any further comments?:

Scottish Care is committed to working alongside the SFRS to ensure that any changes to current practice are adequately embedded in practice in a way that continues to ensure the safety of care home residents on the one hand whilst being fully appreciative of the current workload pressures being faced by the care home workforce.
