

PARTNERS FOR INTEGRATION EVENT - INFLUENCING CHANGE: INFORM, COLLABORATE, INNOVATE

Glasgow - 8th October - Event Report

People are at the heart of integration, from those accessing care and support to HSCP, Third, and Independent sector colleagues who share knowledge, skills, and deliver essential services.

The event highlighted the crucial role of Scottish Care and the Partners for Integration team in fostering collaboration and innovation across Scotland, and the positive impact this has on partnerships and those receiving care and support.

Presentation themes from the day

VIV GRATION FROM DUMFRIES AND GALLOWAY HSCP

Promoted using optimistic collaboration methods, emphasising how innovative strategies can unlock potential resulting in significant impact.

SHONA

Promoted Aberdeen's approach to driving change through key initiatives such as GCC, DSH and the Commissioning Academy. The presentation focused on how local insights inform decisions, foster collaboration, and shape partnerships, offering valuable lessons for other regions.

WHAT DELEGATES TOLD US IN EVALUATION OF THE EVENT

“

First of all, I would like to thank you and your team at Scottish Care for organising such an inspiring and informative event, and for allowing me to attend without a booking. the event was excellent, and it helped me gain vaulable insight into how the work of Scottish Care and the ISL`s teams is key to achieving a fully integrated health a dn social care system in Scotland.

Senior Development Officer for Integration at the ALLIANCE
